Source: Congressional Research Service

2. K-12 Education (12)

For every **100 girls** who repeat kindergarten, there are **145 boys**.
Source: National Center for Education Statistics

For every **100 girls** whose entry into kindergarten is delayed, there are **139 boys**.
Source: National Center for Education Statistics

For every **100 girls** who enter kindergarten early, there are **58 boys.**
Source: National Center for Education Statistics

For every **100 girls** suspended from public elementary and secondary schools, there are **240 boys**.
Source: National Center for Education Statistics

For every **100 girls** expelled from public elementary and secondary schools, there are **267 boys.**
Source: National Center for Education Statistics

For every **100 college-bound high school senior girls** in the top 10% of their class, there were **79 boys.**
Source: College Board

For every **100 college-bound high school senior girls** with an A or A+ grade point average, there were **65 boys.**
Source: College Board

For every **100 high school senior girls** who took an Advanced Placement course in Biology in 2024, there were **63 boys.**
Source: College Board

For every **100 college-bound high school senior girls** who took an Advanced Placement course in Psychology in 2024, there were **53 boys**.
Source: College Board

For every **100 college-bound high school senior girls** who took an Advanced Placement course in Environmental Science in 2024, there were **79 boys.**
Source: College Board

For every **100 college-bound high school senior girls** who took AP/Honors courses in English Language and Composition in 2024, there were **66 boys.**
Source: College Board

For every **100 college-bound high school girls** who took any AP course in 2024, there were **89 boys**.
Source: College Board

3. Special Education (8)

For every **100 girls ages 3-17 years** diagnosed with communication disorders (speech problems, language problems, voice problems) in 2012, there were **168 boys**.
Source: Centers for Disease Control and Prevention

For every **100 girls ages 4-17 years** diagnosed with Attention-Deficit/Hyperactivity Disorder (ADHD) in 2012, there were **217 boys**.
Source: Centers for Disease Control and Prevention

For every **100 girls 3 to 5 years old** served by public schools under the "Individuals with Disabilities Education Act (IDEA)" in 2022-2023, there were **224 boys.**
Source: National Center for Education Statistics

For every **100 girls ages 5 to 21 years** served by public schools under the "Individuals with Disabilities Education Act (IDEA)" in 2022-2023, there were **187 boys**.
Source: National Center for Education Statistics

For every **100 girls ages 5-21 years** who received services in public schools for autism in 2022-2023, there were **437 boys**.
Source: National Center for Education Statistics

For every **100 girls ages 5-21 years** who received services in public schools for developmental delay in 2022-2023, there were **237 boys**.
Source: National Center for Education Statistics

For every **100 girls ages 5-21 years** in public schools classified as having an emotional disturbance in 2022-2023, there were **226 boys.**
Source: National Center for Education Statistics

For every **100 girls ages 5-21 years** in public schools classified as having a specific learning disability in 2022-2023, there were **134 boys.**
Source: National Center for Education Statistics

4. Higher Education, Educational Attainment of Young Adults, and Labor Market (20)

For every **100 women enrolled in US colleges** in 2025 (degree-granting postsecondary institutions) at all levels, there were **71 men** enrolled.
Source: National Center for Education Statistics

For every **100 women enrolled in a 2-year college** in 2023, there were 74 men enrolled.
Source: National Center for Education Statistics

For every **100 women enrolled in a 4-year college** in 2023, there were **75 men** enrolled.
Source: National Center for Education Statistics

For every **100 women enrolled in US master's programs** in 2024, there were **71 men**.
Source: Council for Graduate Schools (2025)

For every **100 women enrolled in US doctoral programs** in 2024, there were **80 men**.
Source: Council for Graduate Schools (2025)

For every **100 women who earned an associate's degree** from US colleges in 2026, there were **64 men.**
Source: National Center for Education Statistics

For every **100 women who earned a bachelor's degree** from US colleges in 2026, there were **73 men.**
Source: National Center for Education Statistics

For every **100 women who earned a master's degree** from US universities in 2026, there were **65 men**.
Source: National Center for Education Statistics

For every **100 women who earned a doctor's degree** from US universities in 2026, there were **85 men.**
Source: National Center for Education Statistics

For every **100 women ages 16 to 24 years** enrolled in college in October 2024, there were **71 men**.
Source: Department of Labor

For every **100 women ages 16 to 24 years** in October 2024 who were recent high school graduates but not enrolled in college, there were **131 men.**
Source: Department of Labor

For every **100 women ages 20 to 29 years** who were recent associate degree recipients in October 2024, there were **78 men**.
Source: Department of Labor

For every **100 women ages 20 to 29 years** who were recent bachelor's degree recipients in October 2024, there were **66 men**.
Source: Department of Labor

For every **100 women ages 20 to 29** who were recent advanced degree recipients (master's, professional, or doctoral) in October 2024, there were **52 men.**
Source: Department of Labor

For every **100 women ages 25 to 29 years** who had an associate's degree in 2024, there were **80 men.**
Source: National Center for Education Statistics (2024)

For every **100 women ages 25 to 29 years** who had a bachelor's degree in 2024, there were **77 men.**
Source: National Center for Education Statistics (2024)

For every **100 women ages 25 to 29 with** a master's degree in 2024, there were **60 men.**
Source: National Center for Education Statistics (2024)

For every **100 women enrolled in US medical schools** in the 2025-2026 academic year, there were **81 men**.
Source: Association of American Medical Colleges

For every **100 women enrolled in US law schools** in the 2025-2026 academic year, there were **78 men.**
Source: American Bar Association

For every **100 women enrolled in US colleges of veterinary medicine** in 2025, there were **22 men**.
Source: American Association of Veterinary Medical Colleges

5. Crime, Incarceration, Alcohol and Drugs, Homelessness, and Wounded Military (16)

For every **100 women who were victims of violent crimes in 2025**, there were **106 men**.
Source: Federal Bureau of Investigation

For every **100 women murdered** in 2025, there were **313 men**.
Source: Federal Bureau of Investigation

For every **100 women who were victims of robbery** in 2025, there were **203 men.**
Source: Federal Bureau of Investigation

For every **100 women who were victims of aggravated assault** in 2025, there were **117 men**.
Source: Federal Bureau of Investigation

For every **100 women who were victims of property crimes** in 2025, there were **122 men.**
Source: Federal Bureau of Investigation

For every **100 women who were victims of motor vehicle theft** in 2025, there were **152 men**.
Source: Federal Bureau of Investigation

For every **100 women who were homeless** in 2024, there were **152 men**.
Source: U.S. Department of Housing and Urban Development

For every **100 women who were homeless and unsheltered** in 2024, there were **220 men**.
Source: U.S. Department of Housing and Urban Development

For every **100 women who abuse illicit drugs and alcohol**, there are **180 men**.
Source: Addiction Center

For every **100 women who had an alcohol use disorder** in 2023, there were **156 men**.
Source: National Institute on Alcohol Abuse and Alcoholism

For every **100 women who experienced an alcohol-related death** in 2021, there were **204 men**.
Source: Centers for Disease Control

For every **100 females in US local jails** in 2024, there were **591** males.
Source: U.S. Department of Justice

For every **100 females in state or federal prisons** in 2023, there were **1,277 males.**
Source: U.S. Department of Justice

For every **100 females in federal prison** in 2026, there are **1,458 male prisoners**.
Source: Federal Bureau of Prisons

For every **100 female military personnel wounded** in action during *Operation Enduring Freedom*, there were **5,098 men**.
Source: Congressional Research Service

For every **100 female military personnel wounded** in action during *Operation Iraqi Freedom*, there were **4,982 men**.
Source: Congressional Research Service
